Studd Corp conform to an Industry Code of Conduct designed to protect consumer. All shower screens are examined to have been manufactured to the relevant Australian Standards and legislative requirements of the National Construction Code of Australia.

5 Year Guarantee

Guarantee additional to legal rights

This Guarantee is provided in addition to any warranty or guarantee imposed by law and in particular the guarantees implied by the Competition and Consumer Act 2010 (Cth). In no way does this Guarantee seek to exclude or limit any right or remedy you have in law. However to the extent that is permitted by the law and other warranties or guarantees are excluded. For the purpose of this warranty 'the product' means a shower screen product ordinarily manufactured and sold by the manufacturer.

Subject to the conditions and limitations below Studd Corp Pty Ltd guarantees that its products are acceptable quality and free from defects caused by the manufacturer.

Limitations

This warranty does not apply to:

- a) Moving parts such as Hinges or other moving components
- b) Parts supplied by other manufactures as separate components and where such components are warranted or guaranteed by its manufacturer or supplier those guaranties or warranties whether express or implied are assigned to whom the goods are supplied;
- c) Cosmetic damage;
- d) Damage caused by accident, misuse, transport, installation or any external cause;
- e) Failure to install, use and operate the product in a way that is not in accordance with the manufacture's instructions, good building practice, relevant building standards or a use for which the product has not been designed or recommended by the manufacturer.
- f) Service work that is carried out by other than Studd Corp Pty Ltd or authorize Studd Corp Pty Ltd agents.

Warranty Claims

Should you wish to make a claim under this guarantee you are required to firstly notify the manufacturer. Other than as provided by law the manufacturer will repair or replace the product to the extent that it is functionally equivalent to the product supplied. Where a product has been repaired or

replaced this warranty shall apply to the repaired or replaced product for the balance of the period provided by this guarantee.

Studd Corp Pty Ltd products are manufactured from the most suitable materials and finished available to the specification provided and when properly maintained will give many years of quality service. Failure to maintain may void the warranty.

Glass

To clean, simply wipe over the surface with a few drops of methylated spirits on a damp cloth and then polish the surface dry with a lint free cloth. Proprietary glass cleaners are not recommended as some can cause damage to the silver backing on mirrors and the interlay in laminated glass. Ensure that all cleaning cloths are free of any abrasive substances. Avoid causing extreme temperature changes as this may lead to thermal fracture of the glass (do not direct hot or cold water onto glass).

Hardware

Regular maintenance is required for all hardware, even stainless steel, as they are moving parts. In most environments maintenance is recommended every six months and every three months in marine and industrial environments. Hinges and brackets should be given a light spray of a corrosion preventative (such as CRC Marine 66, Innox or WD40) followed by a light wipe with a dry cloth to remove excess. Exposed surfaces should first be wiped down with warm soapy water and a soft rag, and then rinsed clean before applying preventative.

Visible surfaces of hinges should be wiped down with warm soapy water on a soft rag and then rinsed off by wiping with a clean damp rag. Application of a thin film of light machine oil or one of the corrosion preventative sprays mentioned above will help to maintain the original lustre of the metal finish
